Case No. [3:22-cv-09158-WHO](#)

**ORDER ADOPTING REPORT AND
RECOMMENDATION AND
DISMISSING CASE**

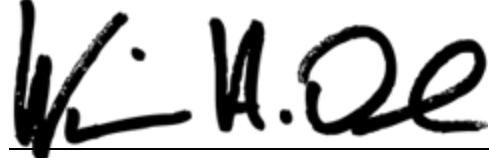

Re: Dkt. Nos. 7, 12

12 Pro se plaintiff Randi Quintell filed this case against defendant Daniel Tomko. On January
13 4, 2023, the Honorable Joseph Spero issued an Order to Show Cause as to why the case should not
14 be dismissed for lack of federal jurisdiction and failure to state a claim. [Dkt. Nos. 5, 6]. Quintell
15 did not respond and on February 10, 2023, Judge Spero issued a Report and Recommendation that
16 the case be dismissed for lack of federal jurisdiction. [Dkt. No. 7]. The case was reassigned to
17 me. Subsequently, Quintell filed a “Request for reconsideration/appeal” explaining that
18 circumstances in her life have made it hard for her to respond in a timely manner. [Dkt. No. 10].
19 In light of that filing, I granted Quintell until April 17, 2023, to respond to the Order to Show
20 Cause and file an amended complaint identifying federal claims and supporting facts that would
21 confer jurisdiction on this court. [Dkt. No. 12].

22 Quintell has not filed an amended complaint. Accordingly, I ADOPT Judge Spero’s well-
23 reasoned Report and Recommendation, Dkt. Nos. 6, 7, and DISMISS this case for lack of
24 jurisdiction.

IT IS SO ORDERED.
